

Super Mobile screens feature an easy to setup and sturdy design. There are no parts to install and no tools are needed as the frame and support utilize its own connectors and come with turn knobs built in. Its robust frame ensures it can hold up to the toughest of challenges. With a design that focuses on fast and easy assembly, it's the perfect solution for mobile presentations and performances.

Frame Specifications

Frame Size (Width X Depth)	Application
32mm x 32mm	Applies up to and including 200" Large-Stage Super Mobile series
40mm x 40mm	Applies up to and including 250" Large-Stage Super Mobile series
64mm x 32mm	Applies to 300" and up Large-Stage Super Mobile series

The screen is fixed by multiple points on each frame bar. This ensures the screen will be installed flat and wrinkle-free.

The innovative fold-and-lock mechanism helps make setup and takedown easy. It also ensures the frame is firm and secure when in use. The solid corner design adds safety by helping increase the rigidity of the overall structure.

The professionally designed frame is sturdy yet light and easy to transport. All pieces including the frame, support and screen fabric are designed to fit into one case which greatly saves space for transportation. The designer commercial carrying case combines heavy duty functionality with style.
